PET RELEASE FORM

AUSSIE PET MOBILE’S philosophy is to offer a stress free grooming experience for your loved pet. We pay special attention to older pets and pets with health issues. Your pet’s safety and comfort are our first priority. We will not perform any grooming procedure that causes pain or a level of stress that we think is excessive. This includes nail trimming in some situations. Senior pets will be groomed for cleanliness and comfort.

MEDICAL / VACCINATIONS:
You the pet owner will advise us of any medical, physical, emotional issues, allergies, sensitivities or pre-existing conditions. These may include prior surgeries, hip or joint issues, warts, moles, ear infections or skin problems. AUSSIE PET MOBILE® requires your pet to have its current rabies vaccination for every pet being groomed. While AUSSIE PET MOBILE® adheres to a stringent sanitation procedure for all trailers and equipment, we also strongly advise that each pet be vaccinated against distemper, hepatitis, parainfluenza adenovirus type 2, parvovirus, corona, leptospirosis, and bordetella prior to being groomed.

BEHAVIORAL CHALLENGES:
AUSSIE PET MOBILE® has the right to refuse grooming any animal that may be a threat to itself or any person. If we are not able to take a cat out of its carrier or get a muzzle on a dog that may bite, then we may have to refuse it for its own protection and ours. The pet may get away or get injured if it is undergoing a great amount of stress. If we arrive at your property and your pet cannot be groomed for any reason a minimum $50.00 groom fee will apply. The animal owner will be held responsible for any bites that may require medical treatment and for any property damage caused by their pet. All bites will be reported to the local authorities as required by law. AUSSIE PET MOBILE® does not administer tranquilizers, but if your pet requires sedation we ask that you work with your vet and administer the sedative at least an hour before your appointment.

AUSSIE PET MOBILE® Authorization for Shaving a Pet and or Flea & Tick Treatment
Shaving a pet often exposes pre-existing skin conditions. If an animal is badly matted, you may find sores and tender skin under those mats. Many times the skin is so sore that the clippers may cut the skin, especially while taking mats off of a cat that has very thin skin. We also use natural and solutions and procedures to treat your pet for fleas and ticks. Some animals are sensitive to these solutions and procedures and may experience an allergic or other reaction that could be serious. If we notice any problems with the animal, you will be notified immediately.

MATTING:
If your pet cannot be humanely de-matted, we may ask permission to clip the hair short and start over. Please keep in mind that a matted coat can cause numerous health concerns including itching, irritation, and skin infections. Removing a heavily matted coat includes risks of nicks, cuts or abrasions die to warts, molds and skin folds trapped and hidden in the mats. Heavy matting can also trap moisture near the pet’s skin allowing fungus or bacteria to grow causing skin irritations that exist prior to the grooming process. Aussie Pet Mobile is not responsible for any pre-existing conditions due to a matted coat. If you would like to reschedule your grooming appointment to allow time to brush or comb out the excess matting, a $50.00 minimum groom fee will apply.
